Shopping for a Safer Car (From a Partner in Driving Safety)

This brochure from the Insurance Institute for Highway Safety (IIHS) can help you select a safe car for you and your family. Safety involves a number of factors, so there's not one perfect formula that fits everyone, although it's clear that some vehicles are safer than others. You can find safer vehicles in various price and style groups — and you can use this publication to help identify the best choices.
